## GUARANTEE

*THREE MONTHS' GUARANTEE:* — All of our stock is of a high quality, hardy, and native grown. It is carefully dug and packed so as to reach you in first class condition and, with proper planting and maintenance, should thrive. However, should any ornamental stock purchased at regular catalog prices fail to live we will gladly duplicate the same. This guarantee is void if the account is not paid within thirty days of invoice, or if such failure to live is not reported within ninety days of purchase.

At no time can we be held responsible for a sum greater than the original purchase price of stock which needs replacing. This guarantee only covers ornamental stock and does not include cuttings, transplants or seedlings listed in this catalog.

## ORNAMENTAL EVERGREEN TREES

### ARBORVITAE—*Thuya*

#### American Arborvitae—(*Thuya occidentalis*)

An excellent narrow hedge, windbreak or screen can be obtained by the use of American Arborvitae in any of the sizes listed here. We will be glad to give you details as to the number required and planting if you will tell us about your hedge problem. Evergreen hedges need only one clipping per year.

**\*Japanese Hemlock—**(*Tsuga diversifolia*)

This dwarf type of Hemlock is very desirable for a low informal edging or hedge. It may be used in the garden to give picturesque effects as a background for flower beds, or to outline or separate beds in the more formal gardens. Japanese Hemlock should be trimmed only lightly. For this use, we have the following sizes:

**Upright Japanese Yew—(Taxus cuspidata capitata)**

The rich, dark green needles of the Japanese Yew, together with the ease of keeping it clipped low and narrow, make this evergreen one of the finest for planting as a garden border, or as a low hedge anywhere in the yard. The sizes here listed are excellent for planting to develop into low hedges. Evergreen hedges need only one clipping per year.

## INFORMATION

LOCATION — Our nursery is located in Cheshire, Conn., on the College Highway, twelve miles north of New Haven. Good roads from New Haven, Waterbury, Meriden and Wallingford enable you to motor from any of these cities.

CONDITIONS OF SALE—Five or more plants of the same variety and size will be furnished at the ten rate, fifty or more at the hundred rate, five hundred or more at the thousand rate.

All prices quoted in this Catalogue are F. O. B. Cheshire.

Our nursery stock has been inspected by the State Nursery Inspectors. A copy of the Inspection Certificate accompanies all shipments.

Evergreens of the ornamental sizes are dug with a ball of earth and this ball is covered with special burlap which may be left on the trees when they are planted.

If you live within a short distance of the nursery, an order of reasonable size will be delivered to you by truck without charge.

**Prices are subject to change without notice.**
